

Crafting with Mia: Making a Treasure Box

1. Lay your paper over the top of your box. Use your scissors to cut the paper to fit the dimensions.
2. Fold the paper over the box and use tape to secure it on all sides.
3. Repeat steps 1 & 2 for each side of the box. Be sure you're folding each crease so your box can close.
4. Time to decorate! Use whatever supplies you want to make your treasure box your own.
